WHAT PEOPLE ARE SAYING ABOUT THE SCALEVIPER™
|||||

"I can have my hands in water for hours while cooking and my skin is not dry. I no longer have scale around my faucets and bathroom fixtures; they are self cleaning. The old scale in my clothes washer is gone. I no longer need to use body lotion after taking a shower."

MARCIA LEWIS, Santa Barbara CA 93105

"The system is great and the tenants love it. It saves us a lot of money and there is no maintenance."

HARBOR HEIGHTS MANOR APARTMENTS, Santa Barbara 93109

"We have had the ScaleViper installed for 28 units for over a year and we are very happy with it."

SEACREST APARTMENTS, Santa Barbara 93109

"I love it. My dishwasher results are fantastic. I love everything about it"

POLLY PRIDE, Santa Barbara CA 93103

"The ScaleViper saves us a lot of money. Calcium scale does not collect on our plumbing or faucets."

SUPER 8 MOTEL, Goleta 93117

"The ScaleViper saves me a lot of money on maintenance. It is great on our electric water heaters because there is no calcium collection. I always had to empty them out before. I basically have no more plumbing maintenance."

CLUBSIDE APARTMENTS & SEQUOIA APARTMENTS, Davis CA 95616

"We have had ScaleViper for 6 years. It puts a charge on the calcium ions in the water, so they won't adhere to metal surfaces. Our maintenance on water heaters, steam boilers, coffee makers, etc, is much easier. It doesn't actually remove minerals, but prevents them from adhering to metal surfaces. We used to have to throw away hot water heating elements because they were so corroded. Now the stuff flakes off very easily...much less maintenance."

RIO CONSUMNES CORRECTIONAL CENTER, Elk Grove CA 95758

"We have had the ScaleViper installed in 5 buildings and have been using them for 5 years. I am amazed not to see water deposits on faucets. Normally I have to replace valves on a regular basis. I have not had any maintenance at all, as the ScaleViper keeps the minerals in suspension so they don't collect on the plumbing fixtures or the rubber. I am more than pleased. The unit paid for itself in no time, as there is no maintenance."

YOLO COUNTY Central Services Division, Woodland CA 95695
